

## Dietetics & Nutrition

Are you passionate about how food choices can encourage better health? Would you like the knowledge and training to assess, treat and prevent dietary and nutritional problems?

**21%**

The faster than average growth for employment of dietitians and nutritionists expected from 2012 to 2022.

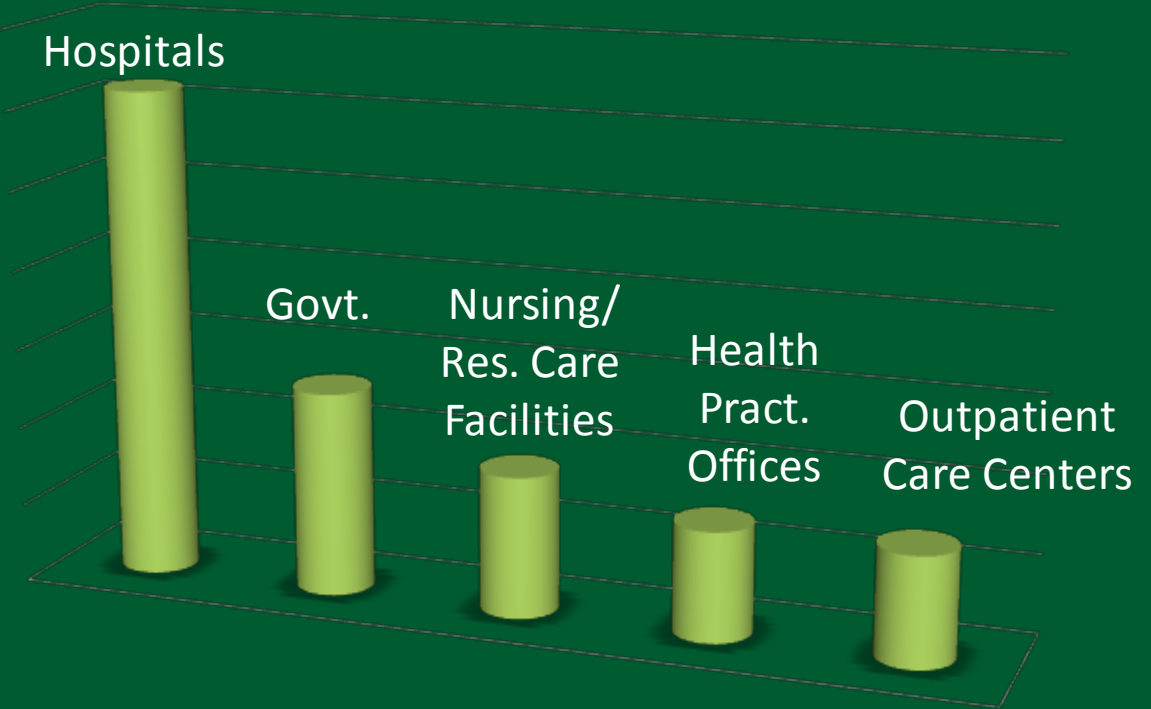

**\$55K**

The median annual salary for dietitians and nutritionists in 2012.

### Where do dietitians and nutritionists work?

Registered dietitians work in many different settings including health care, business and industry, community/public health, education, research, government agencies and private practices.

### Degrees are offered 100% online

**Dietetics**

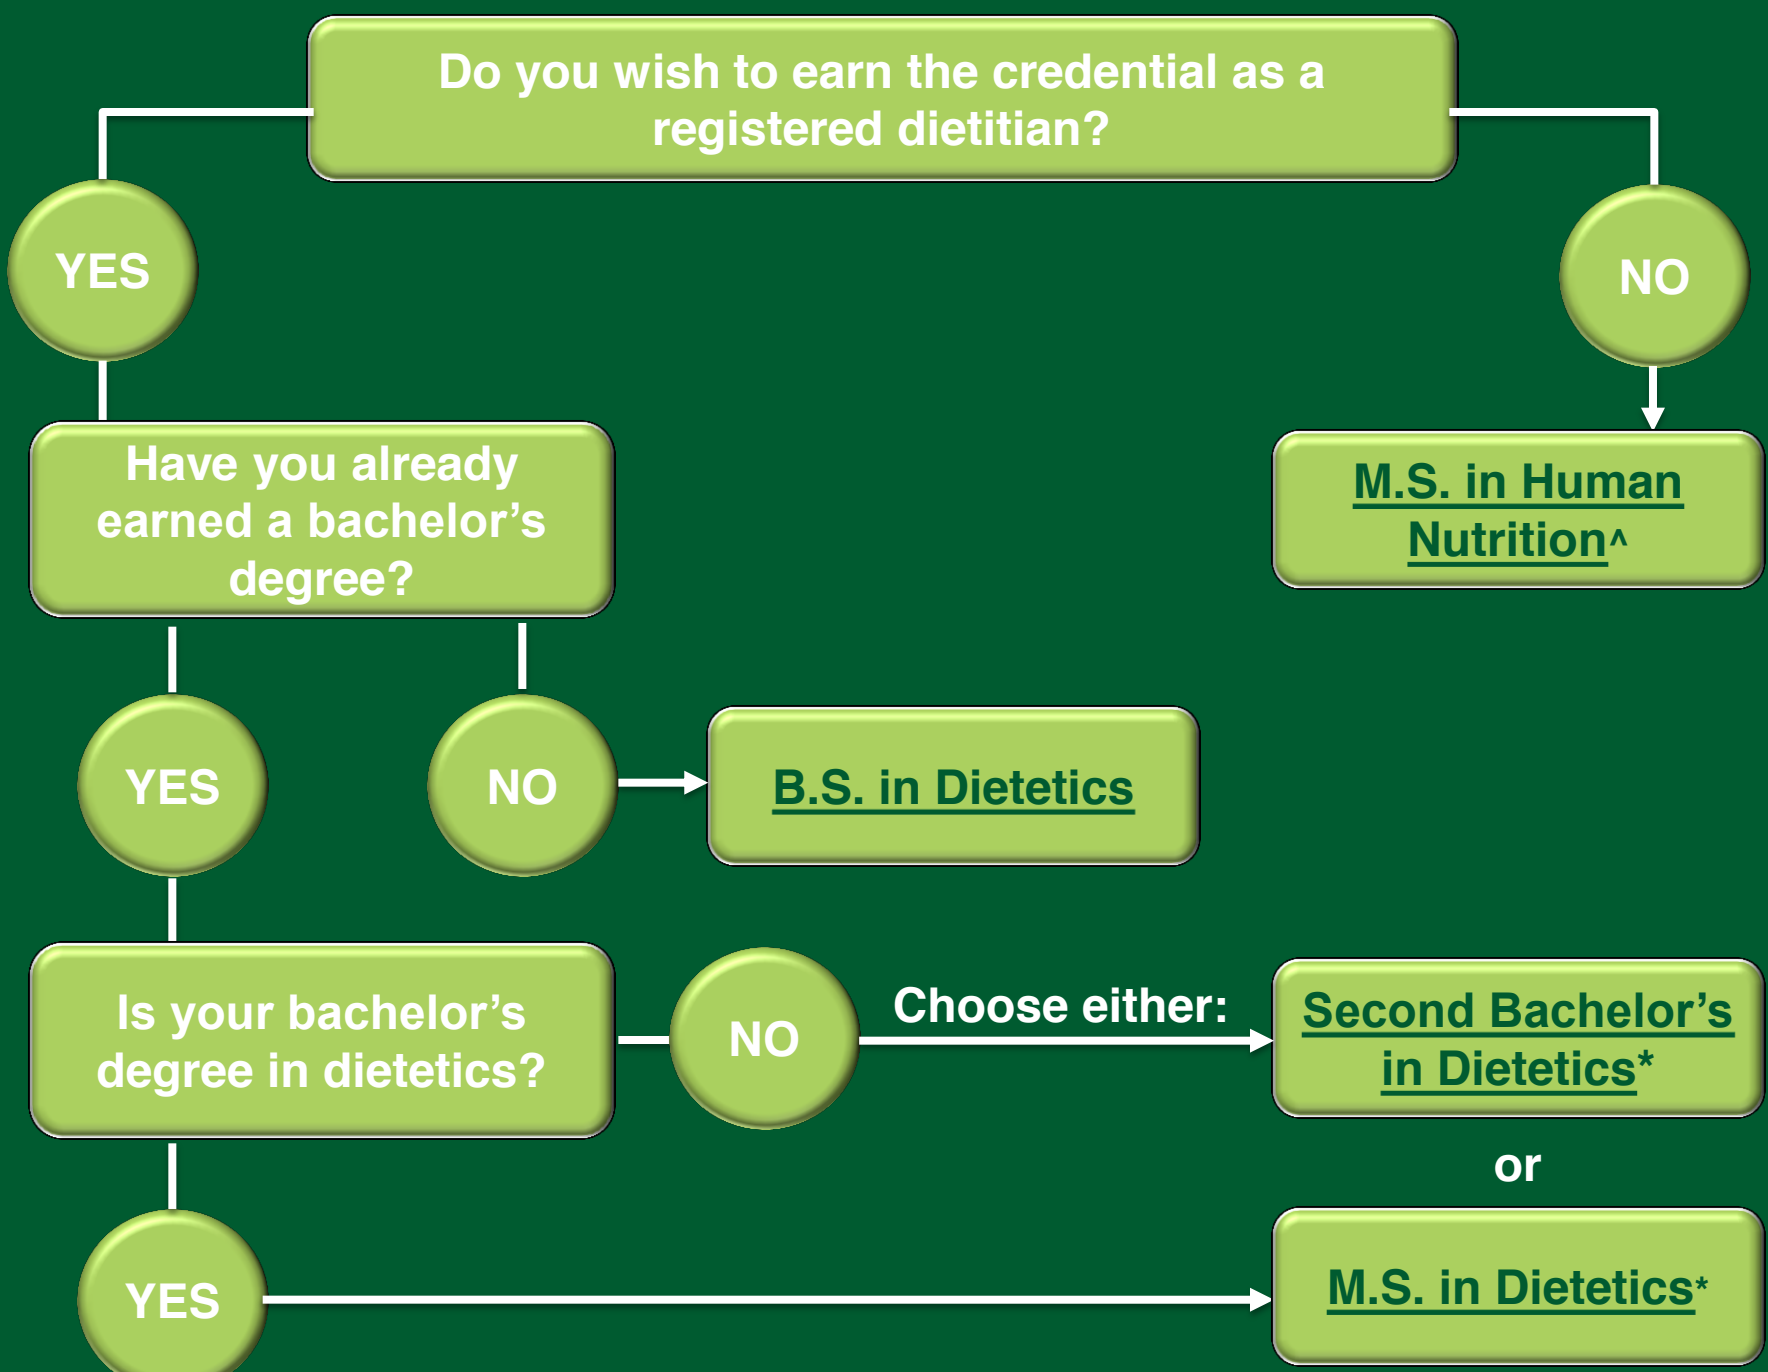

- Bachelor's
- Second Bachelor's
- Master's

**Human Nutrition**

- Master's

EMU's accredited Coordinated Programs in Dietetics provide students with both the coursework and supervised practice required for RD eligibility. The M.S. in Human Nutrition does not allow students to seek the RD credential.

### Choose the degree that's right for you

\*additional info to compare between the second bachelors and the masters can be found on the website. ^ must have a bachelor's to apply to the M.S. in Human Nutrition program.
