

## Tuition Estimates for 2021/2022 Academic Year Dietetics Program

### **CCP Program Resident**

\$52,265.20 - \$63,795.00

### **CCP Program Non-Resident**

\$55,025.20 - \$69,865.80

### **MS Program Resident**

\$60,568.60 – \$72,098.40

### **MS Program Non-Resident**

\$63,328.60 - \$78,169.20

### **Additional Notes**

- The \$50 REC/IM FEE/SEMESTER (Fall/Winter/Summer) ~ is included in estimates, and students may opt out of this fee
- All undergraduates whether US or international are considered residents
- Graduate residents are Michigan-based only (Ohio and all other states and international students are non-residents)
- Within the range provided, lower cost estimates are for on-campus students who do not pursue a thesis
- Within the range provided, higher cost estimates are for distance online students who pursue a thesis
- Tuition estimates are assessed annually, based on university tuition rates as approved by Board of Regents each summer
- Tuition may be higher or lower based on which courses are offered online for on-campus students, and this is to be determined in the future
- Estimates are for five-semester Program courses only (not prerequisites, etc.)
- The Program has provided estimated incidental costs in addition to the tuition and fees charged by the University; see page titled Estimated Incidental Costs.
- Tuition and fees generally increase every year
