

Tuition Estimates for 2022/2023 Academic Year Dietetics Program

CCP Program Resident

\$49,690.50 - \$52,506.00

CCP Program Non-Resident

\$63,662.50 - \$68,538.00

MS Program Resident

\$53,326.00 – \$56,141.50

MS Program Non-Resident

\$67,298.00 - \$72,173.50

Additional Notes

- The \$50 REC/IM FEE/SEMESTER (Fall/Winter/Summer) ~ is included in estimates, and students may opt out of this fee
- All undergraduates whether US or international are considered residents
- Graduate residents are Michigan-based only (Ohio and all other states and international students are non-residents)
- Within the range provided, lower cost estimates are for on-campus students who do not pursue a thesis
- Within the range provided, higher cost estimates are for distance online students who pursue a thesis
- Tuition estimates are assessed annually, based on university tuition rates as approved by Board of Regents each summer
- Tuition may be higher or lower based on which courses are offered online for on-campus students, and this is to be determined in the future
- Estimates are for five-semester Program courses only (not prerequisites, etc.)
- The Program has provided estimated incidental costs in addition to the tuition and fees charged by the University; see page titled Estimated Incidental Costs.
- Tuition and fees generally increase every year
